Dear Students and Parents, Choosing a career is one of the most important decisions of a student's life—yet it is often made in confusion, pressure, or comparison. Bobby Ma'am is an amazing coach who has a unique way of guiding and a great level of understanding. Her counselling methods make the toughest of things easier to understand. She is a great mentor who does it effortlessly and interestingly when it comes to counselling as I see myself as an example. One can never be exhausted in her sessions but instead get curious. She has helped me a lot with respect to my academics and on the personal or co-curricular front. Would highly recommend her to all the students who wish to prove themselves. Her timely guidance and support helped me venture through the toughest of times. Would always be grateful for what she has done for me.
